Instructions: Use this form to write your autobiographical essay.

You need to describe your childhood, education, volunteer experiences, and church involvement including a statement of personal religious faith, your calling to the Christian ministry, summary of ministry experience and an assessment of personal qualifications and gifts for ministry. On top of that, you need to provide a brief statement of your Christian testimony and explain your view of God and how your faith is evident in your life.

I was born 1982 in a family of 2 children, it was a non-Christian family so I had no chance to know God while I was young. I studied primary schools and Secondary Schools in easy way because my family valued education later in 2004 I got saved at the age of 22 years old. My volunteer experience is to teach youth at their young age helping them to know how to manage life when they are still young. The reason I do this is because my background was somehow bad because of my bad behavior I had, but because of the grace of God I overcame them now I live a better life in Christ. This is the reason why I feel this burden of helping youth to manage their lives while they are still young.

My statement of personal religious faith is that I believe in One almighty God the father of our Lord Jesus Christ and I believe also in the Holy Spirit who is our helper in our daily life, beyond all Jesus is the only way that lead to the father. In my ministry I work as an administrator and my calling is to teach believers. So I am a teacher by calling.

I view God in this way, He is my loving father who sent His son to die for me, He is always on my side and He helps me in every thing.
