

Autobiographical essay

Applicant's name: MUKAKIMENYI BEATHA

I, MUKAKIMENYI Beatha, was born in 1975. I am the 3rd child whose father named Nkundanyirazo Zacharie, and mother Kabera Esperance. they were separated before my birth and my mother returned to her parents where I was born and raised.

Since then, I didn't see my father. My grandmother and grandfather treated me very well. By the time I was going to school, they gave me all I needed. As a result, I ended my primary school with good results. In 1990, I went to secondary school where I was supported by my uncle.

Genocide casted off my secondary school in 1994, and I went to the foreign country, and lived in refugee's camp where were many churches. There, I received salvation after hearing the word of God and songs in ADPR CHURCH. I changed my behavior, was born again and became a member of choir. Later after, I got married, and two years later, I returned to my country.

In 2000, I got training in tailoring. I returned to school in 2003 and got my A2 diploma in Accountancy in 2005.

2013, I joined BIBLE TRAINING CENTRE FOR PASTORS, where I got a certificate. God called me in dreams as a volunteer evangelist in October 2016. That's why I chose to increase my experience at UNIVERSITY OF WORLD MISSION FRONTIERS.

I am ready to preach the word of god in different Christian churches

Thank you
